

To whom it may concern,

It is with great pleasure that I recommend Michael Ebner as a high caliber student-athlete. Michael is a young man of high character with an excellent demeanor. He has shown an exceptional work ethic on the field and in the classroom. Michael is a great teammate and always has a team first attitude. In the time I have known him, since last summer, he has improved on his velocity as a pitcher and continues to get better as a batter. The ceiling is high on this young man. I would recommend Mike to any college level of play without reservation. HE CAN PLAY!
