Dear Selection Committee,

I am pleased to be writing this letter on behalf of Michael Ebner. I have had the privilege and honor to observe his growth and development not only as a member of my program, but as a young man, while serving as Head Men's Basketball Coach at South Pasadena High School. I have seen his commitment and dedication as an individual during this time playing on our team and interacting with other students-athletes. Mikey, as we call him, has shown a great deal of enthusiasm and knowledge in being a role model student-athlete to others, not only on our team, but here at South Pasadena High School. An amazing character trait he possesses is his willingness to give his time to people in the community and mentoring other young people in various capacities. Mr. Ebner has displayed the ability to communicate his ideas clearly and concisely while conducting himself in a professional manner. Mikey has a genuine interest in athletics and education to further his career as a student-athlete and one day as a professional. He always finds ways to include charisma and integrity in his determination to impact everyone in a positive way. Mikey has demonstrated that he is the ultimate team player and has the qualities needed to work well with other members in a team setting and the school environment as a whole.

Just so you know, I am very versed in observing high character people, but in particular quality student-athletes. For the past 7 years I have served as Executive Director for the John R. Wooden Award, the most prestigious individual honor in collegiate basketball. To that respect, I have had to choose the ultimate student-athletes at the top of their game and academic collegiate career. Mikey aligns with many of the values and characteristics that Coach Wooden prided the way his players conducted themselves. With saying that, I highly recommend Michael Ebner for a position on your team and at your collegiate institution. I believe he will be an asset to not only your college, bt also to the community. Please do not hesitate to reach out to me if I can provide any additional insight about Mr.Ebner.

Best,

Coach Ernest Baskerville
South Pasadena High School
